DISORDER & LOCALIZATION

Anderson / many-body localization * prethermal regimes

SPIN GLASSES, AI & LLMS

Frustration, rugged landscapes and learning

STRANGE METALS & SYK

Linear-T resistivity * quantum chaos * holography

CONFIRMED SPEAKERS

Leticia Cugliandolo	Sorbonne Université
Peter Hirschfeld	University of Florida
David Huse	Princeton University
Vedika Khemani	Stanford University
Steve Kivelson	Stanford University
Marc Mézard	Bocconi University
Matteo Mitrano	Harvard University
Dragana Popovic	FSU/National MagLab
Subir Sachdev	Harvard University
Lev Vidmar	J.Stefan Inst. / Univ.Ljubljana
