FRONTAL LOBE
- Sequencing
- Analizing
- Planning movement

MOTOR CORTEX
- Move right side of body

SENSORY CORTEX
- Right side of body

WERNICKE'S AREA
- Understanding sentences

BROCA'S AREA
- Forming sentences

TEMPORAL LOBE
- Speech
- Hearing
- Understanding dimensions

 OCCIPITAL LOBE
- Right eye

PARIETAL LOBE
- Right eye

Other areas:
- Motor cortex for planning movement
- Pre-motor area for move right side of body
- Sensory cortex for right side of body
- Temporal lobe for speech, hearing, understanding dimensions
- Occipital lobe for right eye
- Wernicke's area for understanding sentences
- Broca's area for forming sentences
